OUTLINES.

Elections were held yesterday in thirteen States and several important cities; in New York city the Tammany ticket was elected by 20,000 majority over the Hearst-Republican fusion ticket; Tom Johnson claims to have been re-elected mayor of Cleveland by 8,000 majority, but the Republicans claim Burton's election by about 2,000 ——Maryland elected a Democratic State ticket and the Democrats nominated former Governor Smith for the United States Senatorship; New Jersey elected a Democratic governor by from 20,000 to 25,000; Kentucky is close, with the probability that a Republican governor is chosen; the Republicans swept Massachusetts—— President Roosevelt traveled 225 miles from Washington to Oyster Bay to vote yesterday, the only feature of the trip being cheering crowds and a warm welcome on the part of his neighbors——The five whaling vessels which were supposed to have been lost have turned up safe with thirty-six whales——In order to save their cash, National Banks all over the country are refusing to cash pension vouchers and other government paper calling for money; the sub-treasuries will cash them —— Congressman Bourke Cochran was arrested in New York yesterday and confined a while in a public station by an overzealous policeman who falsely charged illegal registration——Large numbers of Jews are to emigrate from Russia and other European countries to the United States; a special hotel will be conducted for them while they await passage at Berlin and special arrangements will be made for them on the North German-Lloyd steamships—— New York financiers took satisfaction yesterday from the first arrival of European gold, a shipment of $7,700,000 having come in to help out the bank reserves, in all, $36,600,000 will soon be received; it is believed that the taking over of the Tennessee Coal and Iron Company by the Steel Trust will greatly relieve the Trust Company of America which holds a large amount of the Tennessee Company's securities——A sequel of the divorce of A. Hart McKee by his wife in Paris is that he sues her and her father for libel in defaming his character to get the divorce——As the result of trouble at the polls in Louisville, Ky., yesterday, Clyde Campbell was killed, his father, W. R. Campbell, was shot and two policemen were wounded, the Campbells were Republicans and resisted arrest——Isaac D. Surratt, son of Mrs. Mary E. Surratt who was hanged for alleged complicity in the assassination of President Lincoln, died in Baltimore on Sunday and was buried in Washington yesterday—— Fire at Louisville, Ky., yesterday destroyed the $250,000 plant of the Bourbon stockyards and did $75,000 damage to the plant of the Vissman Packing Company——The will of Walter Farnsworth Baker, a millionaire clubman of Boston, who was supposed to have been poisoned in New York, has been found; his relatives will contest the will, as the bulk of the fortune was left to persons not related to deceased ——Official announcement is made that the Steel Trust has secured a controling interest in the Tennessee Coal and Iron Company, and that it helps two big New York trust companies which hold the Tennessee company's securities——The Presidents of Nicaragua, Honduras and Salvador held a conference yesterday to cement peace among the Central American republics——Signor Nasi, former Italian minister of Education, is on trial in Rome for misappropriation of funds while in office; he sets up as part of his defense that he had to subsidize a newspaper, and to create friends for the government in various ways.

The Washington Post wants demagogues relegated to the rear. If that could be done there would hardly be elbow room in the rear.

The Charleston News and Courier makes this side remark: "When Governors Smith, Glenn and Comer get together it takes three queens to beat them." However, we could take that jack-pot with one Wilmington queen.

The late Senator Morgan could have told them that if they were determined to build the Panama Canal anyhow, it was too narrow to start with, but he had so much else to say he didn't get that far along in his discussion of the canal.

Uncle Joe Cannon is reported as saying that "he would rather be Speaker again than President." P. S. Uncle Joe could change his mind in a pair of seconds if he thought there was any chance for him to be President instead of Speaker.

Senator Depew, speaking of the manner in which the panic in New York was handled, said: "The day was saved by the pluck, courage and genius of the men who do things." It might be observed by a man up a tree that the trouble was brought on because they tried to "do" each other.

While on his trip South, President Roosevelt said something to John Sharp Williams about "stretching the constitution." The constitution was stretched in order to purchase the Philippines and embark upon a colonial policy and it would seem that some people don't know yet that constitution stretching is dangerous.

CAPT. S. W. SKINNER

Esteemed Wilmington Citizen Passed Away Yesterday in Jacksonville, Fla.

HAD BEEN IN A HOSPITAL

Pneumonia Set in When Condition of Patient Gave Hope—Remains Will Reach Here Tonight—Funeral Arrangements Later.

A telegram to members of the family in Wilmington last night conveyed to them the distressing intelligence that Captain Samuel W. Skinner, one of Wilmington's oldest and most highly esteemed citizens had just passed away in a hospital in Jacksonville, Fla., where he had been for treatment for some weeks. The immediate cause of Capt. Skinner's death was pneumonia, though he had suffered much lately with heart disease and it was this that carried him first to the hospital. Mr. Louis H. Skinner, only son of the deceased, left for a second trip to Jacksonville to be with his father Sunday night and reached his bedside before he became unconscious, but it was seen from the first after the development of pneumonia that it was only a question of a few days with the venerable man, whose constitution was anything but strong after the ravages of the disease that had been preying upon his vitality. Capt. Skinner passed away in the hospital at Jacksonville at 6:30 o'clock yesterday evening.

Until two years ago when he went to Jacksonville to engage in some special marine work, the deceased was a resident of Wilmington and still claimed his citizenship here. He had more than passed the three score and ten years allotted to man but was remarkably active for one of his age and was well known by many people in this city by whom he was held in the highest esteem. The news of his passing away will be received with the keenest regret by every one in the circle of his acquaintance. Of the immediate family there are surviving Mr. Louis H. Skinner, a son, and two daughters, Mrs. Augustus Heide and Miss Sallie Skinner, all of this city. Mr. Louis Skinner went to Jacksonville to be with his father about ten days ago and left him very much improved. Soon after he reached home however, a telegram came, stating that pneumonia had developed and Mr. Skinner at once returned to be with his father. All of the bereaved ones have the tenderest sympathy of a host of friends in the sorrow which is theirs.

The remains of Capt. Skinner will be brought to Wimington on the late train tonight and the funeral arrangements will be announced later.

SEABREASE-GILES.

Prominent Young People in This City to Wed in November.

Very handsomely engraved invitations bearing cards of admission to the church were received by friends in the city yesterday as follows:

"Reverend Alexander W. Seabrease requests the honor of your presence at the marriage of his daughter Agnes Anderson to Mr. Clayton Giles, Jr. on the afternoon of Thursday the twenty-first of November at five o'clock St. Paul's Church Wilmington, North Carolina."

Both the bride-elect and prospective groom are among Wilmington's most prominent young society people and the announcement of their approaching marriage will be received with much interest here and elsewhere.

SAFE BLOWERS AT WORK

Three Places Including Bank Looted at Maysville, N. C.

Information reached the city yesterday through a request for the county bloodhounds of the blowing of three safes in the town of Maysville, on the Newbern road, 60 miles from Wilmington, between midnight and day yesterday morning. The stores of Mattox, Collins & Gillette, J. M. and A. C. Foscue and a private banking establishment were entered by yeggmen, the safes blown and about $600 in cash secured. There is no clue to the parties. Constable Savage could not get to Maysville before last night with the hounds and, therefore, decided that nothing would be accomplished by responding to the call.

STILL "MUM'S THE WORD"

Nothing Given Out in Raleigh Yesterday as to Conference on Railway Rate Litigation—Probable Proceeding Hereafter.

(Special Star Telegram.)

Raleigh, N. C., November 5.—At today's conference of Governor Glenn, members of the Council of State, Corporation Commissioners and attorneys for the State in the pending railroad rate litigation for the purpose of mapping out plans for a further prosecution of the case for the State in the Southern railway and other suits involving 2 1-4 cent passenger rate act, Governor Glenn said to-night the conference was thoroughly harmonious and unanimous on every proposition that came up for action. He said each man, attorneys and others, had his work mapped out for him and all pledged themselves to "stand by their guns," and that all is in readiness now for the further prosecution of the suit from the State's view point.

"What are some of the things that are to be done," a curious newspaper man ventured to ask.

"Oh, that is another thing," was the laconic reply of the governor.

"All this is very illuminating," sadly commented another newspaper man.

"Yes, about as clear as mud," came the facetious response from the Governor.

The fact is every member of the conference is bound to secrecy, the Governor to give out the only statement.

The Governor was asked if there was any probability of an extra session of the Legislature, so much talked of, to adjust a compromise. The reply was "that is another thing. I am not talking as to plans, and anything you say about any of these matters will have to be on your own responsibility."

It is known that the Governor laid before the conference a detailed review of the deliberations between the governors of Alabama, Georgia and North Carolina in Atlanta last week and that plans agreed on today were in the light of action taken by the governors in the Atlanta Conference.

According to the regular programme the next move in the litigation will be the naming of a date by Standing Master Montgomery for a final hearing of witnesses for the State in Raleigh. This is to be probably within the next two weeks unless the conference to-day changed the programme. There were present and participating in the conference: Governor Glenn, State Auditor Dixon, Secretary of State Grimes State Treasurer Lacy and Superintendent of Public Instruction Joyner, of the Council of State; Chairman Frank McNeilll and Commissioner S. L. Rogers and E. C. Beddingfield, of the Corporation Commission; E. J. Justice of Greensboro, ex-Governor C. B. Aycock, of Goldsboro; F. A. Woodward, of Wilson; R. W. Winston, of Durham; ex-Judge James E. Shepherd, of Raleigh, and W. E. Daniel of Weldon.

Audit and Finance Board.

The Board of Audit and Finance was in session last night but transacted no business beyond allowing an appropriation of $5,000 additional for repair of the streets and $500 for curbing where needed. The appropriation of $300 for painting Fourth Street bridge was approved. Coupons to the amount of $212.50 which had been paid, were burned by the board. Alderman Bolles was present at the meeting and urged the several appropriations as made by the Aldermen for necessary work.

Fell From Street Car.

Mr. J. H. Southerland, of Middle Sound, suffered a fracture of the hip as the result of stepping from a street car near Ninth and Princess streets Monday afternoon. On account of Mr. Southerland's age, which is 62, his injury is quite severe. Mr. Southerland failed to notice that the car was in motion when he stepped off and was thrown violently. He was taken to the hospital from the home of his sister, Mrs. S. J. Sneeden at whose home he was about to alight when the accident occurred.

At the Academy of Music.

The King Dramatic Company pleased another large audience at the Academy of Music last night with their production of "The Circus Girl." The specialties between acts were especially pleasing and the play itself was above the average of popular price offerings. Tonight the offering will be the laughable comedy "Marrying for Money." A new line of specialties will be introduced between acts and this will be one of the best bills of the week.

The Brotherhood Meeting.

The Star is requested to announce in view of some confusion that has resulted as to the date that the open meeting of the Brotherhood of St. James will take place in the parish house this (Wednesday) evening and that all male members of the parish are most cordially invited. There will be music by the male quartette composed of the Messrs. Fenley, Bates and White, light refreshments and informal talks by some of the members. The affair promises to be a delightful one in every respect.

New rope portieres this week $1.39 at Rehder's **

NATHANIEL JACOBI

Highly Esteemed Wilmington Citizen Passed Away at His Home Yesterday.

LONG AND USEFUL CAREER

Prominent in Business and Fraternal Circles, Father of Odd Fellows' Home at Goldsboro—Grand Lodge Ceremonies Today.

With a sense of deep regret at the loss of a good and useful citizen, the community learned yesterday of the death of Mr. Nathaniel Jacobi, which occurred during the morning hours at his home, corner of Third and Grace streets, this city, following an illness of some time during which it was seen that his condition was very feeble and at the most he could live but a short time. Mr. Jacobi passed away with all members of the family at his bedside. In his death Wilmington loses one of its most useful citizens, the family loses a loving and devoted father and scores of friends are bereft of a wise counsellor and a true commrade. The bereaved ones of the immediate family, two sons, Messrs. Marcus W. Jacobi and Joseph N. Jacobi, and a sister, Mrs. Matilda Ashim, of San Francisco, Cal., have the tenderest sympathy of all in the irreparable loss which they have suffered.

Mr. Jacobi was born January 21st 1828 at No. 3, City Road, London, England, and was therefore in the 80th year of his age when he passed away. He was the son of Wolf Jacobi and Criscilla Rebecca Nathans and in his early childhood at the age of four or five years, came to this country and settled with his parents at Charleston, S. C. When the civil war broke out, Mr. Jacobi tendered his service to the Confederacy and was assigned to the chief clerkship in the quartermaster's department under Major Styron and toward the close of the war was ordered to Wilmington. After the war he decided to locate here and in September 1869 purchased the hardware business established in 1856 in this city by the late James Wilson. He had been continuously at the head of this important enterprise until his death yesterday. In 1888, upon his 21st birthday, Mr. Jacobi admitted to the firm his son, Mr. Marcus W. Jacobi, and the firm name was changed to the N. Jacobi Hardware Company. Still later in 1889, when a second son attained his majority, Mr. Joseph N. Jacobi was admitted to the copartnership of father and sons, the business having been built up to one of eminence in the Carolinas.

On August 31st 1865 Mr. Jacobi married Miss Rosalie Beuthner, of New York, and she preceded him to the grave by but a few years. Of six children which blessed this union only the two named survive him, four having passed away in childhood. The sons surviving are among the leading young business men of the city and have the sympathy of hosts of friends all over the State in their bereavement.

Mr. Jacobi was best known in State as the "father" of the Odd Fellows' Orphan Home at Goldsboro. He was one of the originators and builders of this institution and had served on the Board of Trustees since the day it was opened. His connection with the order began April 14th 1852 with Jefferson Lodge No. 4, of Charleston. Upon removing to this city he transferred his membership to Cape Fear Lodge No. 2, of this city, and had always been most active and enthusiastic in the work of the order.

In the business, fraternal and religious world Mr. Jacobi was well known having been the original and only president of the Mechanics' Home Association; a director in the Murchison National Bank; vice president of the Temple of Israel and one its founders; one of the organizers of Cornelius Harnett Council, Royal Arcanum; a member of the True Brotherhood of the church; a charter member of the Knights of Honor and Legion of Honor and also of the Banai Brith. He was exceedingly charitable and his life was full of good deeds. He had a high sense of honor; his integrity was unquestioned and his knowledge of general affairs was wide. He was a itizen whom the community can ill afford to lose.

The funeral of Mr. Jacobi will be conducted with Grand Lodge honors by the Odd Fellows this afternoon from the Temple of Israel and the remains will be laid to rest in Oakdale. Grand Master Perrin Busbee, Mr. C. L. Lumsden, Mr. C. B. Edwards, of Raleigh, and other Grand Lodge officers will be here this morning for the purpose of taking part in the services. All Odd Fellows in the city are called out to attend the services.

Their Wooden Wedding.

Mr. and Mrs. G. Henry Haar last night at their hospitable home most delightfully celebrated their wooden wedding. Quite a number of friends called during the afternoon and evening and the host and hostess were showered with congratulations. They received a great many very handsome presents significant of the occasion and served a dainty course of refreshments during the evening.

PRETTY EVENING WEDDING

Miss Leola Bishop Attractive Bride of Mr. Owen K. Woodcock in Pretty Home Ceremony Yesterday Evening—Bridal Tour.

A pretty evening wedding joining in marriage Miss Leola Bishop, the attractive young daughter of and Mrs. H. M. Bishop, and Mr. Owen K. Woodcock, a popular and highly esteemed young Wilmingtonian, was celebrated at 8.45 o'clock last night at the home of the bride's parents, No. 916 Chestnut street, the Rev. W. L. Rexford, pastor of Market Street M. E. Church, officiating. The parlors of the home were very attractively decorated with palms, ferns and cut flowers and the marriage scene at a beautifully improvised altar was a pretty one.

The bride was gowned in a handsome creation of voile over brown silk and carried a lovely bouquet of carnations. She was attended as maid of honor by Miss Nallie Duncan, her friend, while the groom was attended as best man by his friend, Mr. Willie Cromwell. Miss Duncan wore a pretty costume of which organdie and also carried carnations. The groom and best man wore the conventional black and the ensemble at the altar was a beautiful picture.

Following the solemn words that made the couple man and wife as pronounced by Rev. Mr. Rexford, an informal reception was given at which the young people to the marriage vows were the recipients of many happy congratulations. They will leave this morning for a bridal tour North but will return to the city and make their home where both are very popular. The groom is employed in the general offices of the Atlantic Coast Line in this city and has a host of friends. The bride is a young woman of many accomplishments and is active in the Market Street M. E. Church congregation. Their friends wish them much happiness in the happy union which they have just formed.

FUNERAL YESTERDAY

Victim of Sad Tragedy Monday Afternoon Laid to Rest.

In the presence of a large assemblage of friends of the deceased and the grief-stricken family impressive funeral services were conducted yesterday afternoon at 4 o'clock from the residence, No. 710 North Third street over the remains of young Louis Otersen, son of Mr. and Mrs. W. G. A. Otersen, who met death in such a tragic manner in the elevator accident at the store of I. M. Bear & Co., Monday afternoon. The services were by the pastor of the family, Rev. W. A. Snyder, of St. Paul's Evangelical Lutheran Church, assisted by Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church. The hymns were sweetly rendered by a special choir and a large number of very beautiful flowers were laid on the casket.

After the services at the house the remains were taken to Oakdale cemetery where they were tenderly laid to rest in the family lot, the pall-bearers having been Honorary, Messrs. H. C. Bear and C. H. Thompson; active, Messrs. August Meyland, Willie Evans, John H. King, Carl Muegge, Jr., Jas. Bowden and Walter Knight. The active pall-bearers were all young friends of the deceased and the sight of their bearing the remains of their little comrade to their lasting resting place was a scene pathetic indeed.

A MORNING WEDDING

Miss Daisy Gore Becomes Bride of Mr. William J. Flynn.

In the presence of relatives and a number of admiring friends at the home of the bride's parents, No. 720 Dock street, yesterday morning at 9 o'clock, Miss Daisy Gore and Mr. William J. Flynn were happily united in marriage in a very pretty ceremony performed by the Rev. Fred. D. Hale, D. D., pastor of the First Baptist Church. The announcement of the wedding will come as a surprise to a great many friends of the couple as few outside the circle of the family knew of the engagement. Immediately after the ceremony Mr. Flynn and bride left on the northbound train for an extended bridal tour, returning from which they will be at home to their many friends at 320 South Sixth street. Mr. and Mrs. Flynn were accompanied north by Miss Ada Gore, a sister of the bride, and Miss Maggie Flynn, a sister of the groom. They will visit the Exposition and a number of other places of interest North.

The bride is a young woman much admired in a wide circle of friends here while the groom is a well known young business man. They have the very best wishes of many friends for their success and happiness.

Exhibit of Curios.

A rare treat is in store for all who visit an exhibit of missionary curios that is to be made at the manse of Immanuel Presbyterian Church, 204 Nun street, by Mrs. J. S. Crowley and Mrs. George C. Worth on Thursday from 4 to 6 P. M. and from 8 to 10 P. M. These curios come from China, the Philippines, Africa and many other countries and will be explained by Mrs. Worth and Mrs. Crowley, who have spent much of their life among these benighted people of whom they have brought most interesting reminders. A small admission of ten cents will be charged and the proceeds will be used for a worthy cause. All friends are most cordially invited.

STATE WATERWAYS

North Carolina Association Formed By Buseness Mem of North Carolina.

J. H. CHADBOURN PRESIDENT

Stirring Addresses From All Sections and Singular Unanimity of Purpose On Part of All—National Rivers and Harbors.

More than a hundred leading business men of the State, including Senator Lee S. Overman and several of the North Carolina delegation in Congress met here yesterday and organized permanently the North Carolina Waterways Association, a branch of the National Rivers and Harbors Congress of the United States. Mr. Jas. H. Chadbourn, of Wilmington, was elected president with the following vice presidents in their order from each of the Congressional Districts: Mr. George T. Leach, Washington; Colonel John F. Bruton, Wilson; Mr. George C. Royall, Goldsboro; Colonel Charles E. Johnson, Raleigh; General Julian S. Carr, Durham; Hon. G. B. Patterson, Maxton; Mr. John W. Gulledge, Wadesboro; Hon. W. D. Turner, Statesville; Mr. J. A. Fore, Charlotte, and Mr. Clarence Sawyer, of Asheville.

A constitution and by-laws were adopted providing for an executive committee of officers and five other members to be appointed by the president and a secretary and treasurer to be elected by the executive committee. The purposes of the Association are to promote the development of the waterways of North Carolina and to urge such legislation with State and National bodies as will speedily result in the effective and systematic accomplishments of this development; to gather statistics and information pertaining to traffic that will be affected by this development; to co-operate more effectively with National bodies in securing the adoption of such policies by the Federal government as will lead to large and regular appropriations for river and harbor development. The 30-foot project from Wilmington to the sea as a solution of the railway freight rate problem and the canalization of the upper Cape Fear to Fayetteville, as thrice recognized by the Legislature, were enthusiatically endorsed.

Nineteen towns and cities outside of Wilmington were represented by more than fifty delegates at the meeting and the proceedings were marked by singular unanimity of purpose and enthusiasm. Wilmington has perhaps not before in a decade entertained a more distinguished body of men and they were all with one accord in favor of the great object which they had been assembled to consider. The meeting was called to order in the United States court room in the postoffice building shortly before 11 o'clock by Major E. J. Hale, of Fayetteville, a vice president of the National Rivers and Harbors Congress, who requested Mr. Chadbourn to preside until a permanent organization was effected. Mr. Chadbourn requested Mr. Meares Harriss to act as secretary and in explaining the purposes of the meeting gave a most interesting and comprehensive outline of the movement inaugurated in this city on the sixth of June last for the improvement of North Carolina waterways as a solution of the railway frienght rate problem. Mr. Chadbourn was listened to with great interest by the large number assembled. Delegates next presented their credentials and a surprisingly large attendance was noted. Following these preliminaries Mr. H. W. Malloy, of the Wilmington Chamber of Commerce Committee, most delightfully welcomed the visitors to the city, assuring them of the proverbial Cape Fear hospitality and emphasizing the important movement in which they were engaged. Following Mr. Malloy, President J. A. Taylor, of the Chamber of Commerce, with whom perhaps the idea of making Wilmington a gateway as a solution of the rate problem orignated, was introduced and spoke most happily and interestingly of the project. Mr. Taylor is an authority on rates and his analysis of the situation as it applies in North Carolina was listened to with interest and profit.

Mr. Taylor closed with a high and deserved tribute to the distinguished Senator Lee S. Overman, whom he introduced to the convention.

Senator Overman, a favorite with New Hanover people, proved himself none the less a favorite with the conservative business interests of North Carolina. He pledged his hearty support to the improvement of North Carolina waterways in an address which was both ornate and pleasing. Mr. Overman referred to the great surplus in the Treasury of the United States and told how some of this might be well expended in the improvement of our great natural resources. He was gracefully pleasing in his references to Wilmington and to the upper Cape Fear. Concluding, Mr. Overman turned to Hon. John H. Small, who was sitting near, and said: "You may talk of Simmons and Overman all you want to, but there sits the

(Continued on page four.)

Wednesday, November 6, 1907.

RESTORE OUR FORESTS.

The Star sincerely hopes that North Carolina will join immediately in the great and wise movement for reforestation, which the United States Department of Agriculture is endeavoring to introduce in a practical and systematic way. We should not cut away our forests and make no provision for future forests to furnish us timber and fuel. With our forests all gone and none to replace them, we will one day realize what a great resource store.

we destroyed and neglected to re-

Even in Mexico the people are taking enlightened action on the subject of restoring and perpetuating their forests. A dispatch from the City of Mexico says one of the great lumber companies of that country is reforesting as fast as they cut away the timber. Says the dispatch:

"The plan is to replace the trees as they are cut off by planting others. The general manager is working out the scheme on a practical, scientific basis and soon will begin the planting of new trees with seeds of the same variety of pine as that cut off. After the trees are cut and the logs from butt to top taken down to the great mills, the limbs left on the ground are to be cut up into wood and the tops piled and burned to prevent fire. In proper season the reseeding of the ground will be carried out on the most approved plans of reforestation."

The company which is making this wise and benign provision for the future controls two and a half million acres of timber land in the States of Chihuahua and Sonora.

The Washington Star notes this about the efforts in this country to conserve our forests:

"The subject of reforestation, together with the irrigation of arid land and the unwatering of swamp land, is engaging to a greater degree than ever before the attention of men who look beyond today. Europe for a number of years has been proceeding toward the preservation of her remaining forests, and the restoration of much forest land that has been denuded. The government of the United States and the governments of several States have taken up the question of reforestation and timber preservation in a manner which promises to stay indefinitely the extinction of American woodlands. It is gratifying to observe that timber companies themselves are looking to the future and taking measures for the replenishment of their forest supply. The stripping, wasteful ways of the past are being abandoned."

OIL TRUST WILL FIGHT.

The appeal of the Standard Oil Company from the fine of $29,240,000 placed upon it by Judge Landis in the Federal Court at Chicago, for accepting rebates on oil shipments in violation of the Elkins Act, will come before the United States Circuit Court of Appeals in Chicago in January. The fight there will be a battle royal, as the Oil Trust will take advantage of every legal right and technicality to avoid paying such an enormous fine. The Standard Oil's attorneys are preparing to make a tremendous effort and will attack the constitutionality of the Elkins Act.

It comes from Chicago that the attorneys are discussing their plans. It is said that twenty-five main points, each one of which the attorneys will argue is sufficient to have the record-breaking fine declared void, will be advanced when the case comes to trial in January. In attacking the constitutionality of the Elkins Act and contending that the passage of the Hepburn law made it unlawful to prosecute for violations of the repealed Elkins measure, the Standard attorneys hope in the event of a favorable decision to furnish a basis for freeing the company from numerous other suits pending.

It will be contended that Judge Landis failed to compute the number of violations correctly. Instead of each shipment constituting a violation the defense will claim that either the number of settlements between the company and the railroad or else the number of times the rate was granted should be the only things considered. In the one case the number of violations would be about 300, while in the other it would be reduced to only three. Conviction was secured in 1,462 violations.

BANK NOTES FOR RELIEF.

Officials of the United States Treasury Department suggested as one of the measures of relief for the scarcity of money that the National banks take out more circulation. The suggestion was acted upon and a dispatch from Washington a few days ago stated that the department employes were busy sending out new circulation. It appears, however, that there cannot be much relief from that source, so that it emplasizes the importance of some new financial legislation by Congress. The New York Journal of Commerce, one of the ablest financial authorities of the country, says of this feature of the plans to relieve the financial situation:

"In spite of the extreme intensity of the demand for currency, hardly any resort to new note issues was attempted until it became manifest that the power of the Treasury to aid through deposits was almost exhausted. The outcome of the present efforts to add to the national bank currency will be watched with interest, especially as they will show about what can be done as the result of the most extreme and strenuous pressure. The most liberal estimates do not place the additions to note issues likely to come from present undertakings at more than $40,000,000, while official estimates put it at not over one half that sum. In other words, the conservatives think that perhaps four per cent of the existing circulation of $536,000,000 can be added while the optimists place the figure at 8 per cent. This is a remarkable situation, and compels attention to the fact that the country is nearly at the end of its bank note resources. The condition is also particularly worthy of study in view of the apparent indisposition of the notes to contract when stringent times are over, as shown by failure to take up more than occasionally the full limit of retirements provided by Congress when it raised the maximum of monthly withdrawals."

CURRENT COMMENT.

—Many a man who sneers at those who play tips on the races believes that carrying an Irish potato in his pocket will cure his rheumatism.—Washington Post.

—The orange and lemon crops of Southern California for the past year brought $34,000,000, of which $11,000,000, or one-third, went to the railroad companies. This should explain why Californians love the railroad political control of the State under Harriman with the same fervor as they did under Collis P. Huntington.—New York World.

—Careful estimate of the force of a cyclone and the energy required to keep a hurricane in active operation reveals the presence of a power that makes the mightiest efforts of man appear as nothing in comparison. A force equal to more than 400,000,000 horse power was estimated as developed in a West Indian cyclone. This greatly exceeds the power that could be developed by all the means within the range of man's capabilities. Were steam, water, wind mills and the strength of all men and animals combined they could not even approach the tremendous force of this mighty power.—Chicago Journal.

—Not many years ago the farmers of North Carolina raised their cotton and tobacco, hauled their crops to the towns and sold them for what they could get. Today, however, all is changed—particularly in regard to cotton. The farmers are organized or are organizing and are demanding a fair price for their crops. The farmers in the South have been the slowest to form any kind of union, though they for years have talked of doing so, and it gives us pleasure to note from day to day the new warehouse holding companies being chartered. The man who raises cotton wants a fair price for it; he has the means at hand for securing this price, and he is determined to secure it. The Southern farmer, if you please, is no longer a back-number—he is modern and he will win.—Raleigh Evening Times.

—Professor Edgar A. Larkin, a San Francisco astronomer, declares that marriage for life is a crime and that the Anglo-Saxon race in America is doomed to extinction because "women are hinderel in their progress." Marriage places them in a state of bondage, he says, in which they canot develop. What nonsense! The only woman that does develop is the wife and mother. The average mother does not have time to bother her brains with fads and fancies, and the consequence is that what she does learn is solid knowledge. The wife and mother needs no one's pity. Marriage, far from causing the extinction of the Anglo-Saxon race in America, is the only thing that will preserve it. If more persons were honorably married in the United States there would be less disease, less intemperance, less sin and less misery of all descriptions. In a sense marriage is bondage, but it is the bondage that all well regulated minds can bear without the golden chains galling the spirit. If men like Professor Larkin were pilloried oftener in the press and pulpit we would not have so many freaks eternally advancing their fool theories and debauching the minds of the simple and ignorant.—Albany Press Knickerbocker (Ind.)

TWINKLINGS.

—"Why did she apply for a divorce?" "She's ready to go to any length to get into the smart set."—Houston Post.

—"Mamma, have you any objections to my going to the Woman's Club?" "But, my dear, you don't need it yet. Wait until you are married."—Life.

—Giles—Bimberly evidently expects to live in clover the rest of his days. Miles—Because why? Giles—He married a grass widow last week.—Chicago News.

—"Are you not afraid to have such bad reports at school, Karl?" "Oh, no! I call papa up on the telephone first and give him the figures, and then before I get home he is all over his anger."—Fliegende Blatter.

—Vicar's Wife—No, the Vicar is not in just now. Is there any message you would like me to give him when he returns? Old Woman (cheerfully)—Please, mum, Martha Higgins would like to be buried at 2 o'clock tomorrow afternoon.—Punch.

—Sweeting Thing—What was the most remarkable thing you met with in your travels in Egypt? Major Grump—The mummies of their queens. Who'd ever think a woman could "dry up" and stay quiet so long?—Philadelphia Inquirer.

—"Every father thinks he has the finest baby in the world." "Yes," answered the cynic, "and once in a while but not nearly so often, a baby grows up to think it has one of the finest fathers in the world."—Washington Star.

—"Mr. Hunter's married now," said the bride-to-be, preparing to send out her cards, "so we'll have to address his invitation to 'Mr. and Mrs. Hunter.'" "Better not," her brother advised. "She's boss of that ranch, so you'd better address the thing 'Mrs. and Mr. Huntress.'"—Philadelphia Press.

Headaches and Neuralgia from Colds. LAXATIVE BROMO Quinine, the world wide Cold and Grip remedy, removes cause. Call for full name. Look for signature E. W. Grove, 25c.

He Fought at Gettysburg.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by R. R. Bellamy, druggist. 50c.

WM. E. SPRINGER & COMPANY

Premature Baldness Prevented and Dandruff Cured

Every lady should take some pride in her hair, for to her it certainly is a valuable aset. A man with only a few strands of hair can get along fairly well, but it's not so with a woman. She must have it. Our advice is:

DON'T BORROW HAIR.

Use a good Tonic and grow your own hair. We have a Tonic and Dandruff Cure that is a very meritorious one—one that is giving good satisfaction among our trade. It stops falling hair every time, and as a dandruff eradicator it has no peer. Remember the name—

HALL'S HAIR RESTORER AND DANDRUFF CURE

Price, 50 Cents per Bottle.

Free Music Lessons

Let Us Teach YOU

We can and will give you a thorough musical training if you join the Ludden & Bates Piano Club now forming. By joining this club, you secure a magnificent high-grade piano *at once*, when your application is accepted. Then you are allowed to pay for it in little monthly sums you never miss. You are also entitled to a thorough course of musical instruction, prepared by one of the most successful teachers of music in the country. No matter where you live, this opportunity offers you every advantage that a musical education affords. Everyone who cares at all for music should investigate this offer at once. It costs nothing to learn all about it.

The Ludden & Bates New Scale PIANO

is sold to our club members only, in our new way of piano selling that enables you to secure a genuine $400 instrument for only $287, and on the easiest kind of terms at that. It is a cash saving to you of $113.

The way we do this is by selling one hundred pianos at one time to one hundred different people. Sold singly, in the usual way, the Ludden & Bates Club Piano would cost $400 or more, anywhere in the world. We give a written guarantee, for a life-time. Has special copper-wound and steel strings throughout. Full cabinet grand, balanced scale, as perfect as skill can make it. Double repeating action, with light even touch. Genuine ivory keys. Beautiful cases of fancy walnut, mahogany or oak, lined throughout with birdseye maple. Tone full and rich, with that peculiar "singing" quality found only in the highest grade of pianos.

Write us at once for an application blank and complete description of different styles of finish. In this way you can make a selection that will delight you. You can leave the question of tone to us. We will see that you get a perfect instrument. A well made, attractive stool and a beautiful scarf go with each piano. Write for full information of the club that is now forming.

G. W. SHEPARD
The Real Estate Man.

A SERIOUS LAUGH.

The Penalty of Mirth at an Ancient Church Celebration.

There was a church celebration of a rather exciting nature many years ago in Lynn, Mass. The occurrences marking the dedication of the Old Tunnel Meeting house in 1682 are recorded by an eyewitness and quoted in Obadiah Oldpath's "Lin." After the formal ceremony of dedication a feast was held.

Ye dinner was in ye greate barne of Mr. Hood. While we were at table a rooster flew to ye beam over our heads. Mr. Richardson, ye Newbury minister, in a very loud voise and stately mien proclaimed that tho ye house was a noble temple it yet was but a fit casket for ye godly jewel of Lin. Whereupon a most lusty crow was set up by ye old cock on ye beam, and he flapped his wings, sending ye dust down on to ye table.

Ye companie hurled apples at ye misbehaving fowle, but, not being of good aim, did not hit, and with a whirring noise it flew to ye ground as if in disgust.

Mr. Gerrish was in a merrie mood. Not having his thots about him, he endeavored ye dangerous performance of gaping and laughing at ye same time. In doing so he set his jaws open in such a wise that it was beyond his power to bring them back again. His agonie was very greate, and his joyful laugh was soon turned to grievous groaning.

We did our utmost to stay the anguish of Mr. Gerrish, but could make out but little till Mr. Rogers, who knoweth something of anatomie, did bid ye sufferer to sit down on ye floor and, taking his head between his legs, turning ye face upward as much as possible, gave a powerful blow and sudden press, which brought ye jaws again into working order. But Mr. Gerrish did not gape nor laugh much more, neither did he talk much for that matter.

A Felicitous Aside.

A senator, describing a campaign wherein he had outgeneraled a rival, said:

"When it became plain that victory was mine, when my opponent's face began to grow darker and more forbidding, I smiled to myself. I could have muttered to myself some such felicitous aside as that which came from the small boy who was being spanked. In the course of his spanking the boy's mother paused to say in sincere tones:

"'Tommy, this hurts me far more than it does you.'

"And thereupon in his odd, face downward position the boy winked and muttered to himself:

"'I was afraid that hard board I put in the seat of my trousers might injure her delicate hand.'"

Right On.

Wisejay—It must be a great pleasure to tell a joke to an acrobat. Softboy—Why? Wisejay—Because he tumbles so easily. — Morristown (Pa.) Times.

A Good Guess.

Mother—Mercy, child, how do you get your hands so dirty? You never saw mine as dirty as that! Child—No, but I guess grandma did!—Philadelphia Inquirer.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS

MRS. GEORGE WALTERS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to budding womanhood, The second is motherhood, and the third is Change of Life.

Perils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that **Lydia E. Pinkham's Vegetable Compound** made from native roots and herbs has carried thousands of young girls over the critical period of puberty, has prepared mothers for childbirth, and in later years carried them safely through the change of life more successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this fact beyond contradiction.

Mrs. George Walters of Woodlawn, Ill. writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me in preparing for childbirth. After suffering and losing my children a friend advised me to try your valuable medicine, and the result was that I had very little inconvenience, a quick recovery and as healthy a child as can be found anywhere. Lydia E. Pinkham's Vegetable Compound is a blessing to all expectant mothers."

Mrs, Elva Barber Edwards of Cathlamet, Wash., writes:

Dear Mrs. Pinkham:—

"I want to tell you how Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life without any trouble whatever, also cured me of a very severe female weakness, I cannot say enough in praise of what your medicine has done for me."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Walters and Mrs. Edwards it will do for other women in their condition. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life,

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and helpful.

During its long record of more than thirty years its long list of actual cures, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person.

Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

NEVER IDLE, NEVER OVER
ALWAYS BUSY.

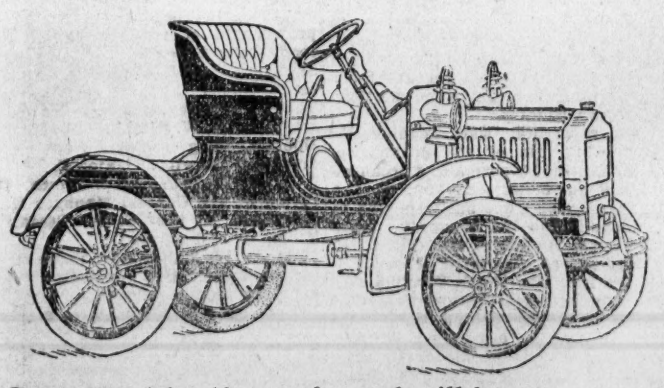
Sole Agents for THE NEMO CORSET and MAY MANTON PATTERNS.

THE PEERLESS MAXWELL



Guaranteed for 12 months and will last ten years,

FRANK HERBST, Sole Agent.

What's the Use

of paying more for an article through prejudice, than you can buy for less, that's just as good?

Take Whiskey, for Instance.

We make but one charge—just for whiskey—that's all. When you pay more than we ask for our whiskey you are being taxed for something else besides the whiskey.

Now "WHAT'S THE USE" of you paying an excess to anybody for imaginary superiority—when we have the same goods, but are content through immense volumes of sales, to break even on profits—instead of "hikeing up" the price beyond the point of giving you value received.

"CHESTERFIELD" products are "AS GOOD AS THE BEST FOR LESS." That's the reason "CHESTERFIELD" Whiskies are popular.

"CHESTERFIELD NEVER DISAPPOINTS." Full quart $1.00. TRY IT.

Temperature at 8 A. M., 49 degrees; 8 P. M., 60 degrees; Maximum 68 degrees, minimum, 45 degrees; mean, 47 degrees.

Rainfall for the day, .00; rainfall for the month, .54 inches.

Stage of water in Cape Fear river at Fayetteville at 8 A. M., Tuesday, 2.5 feet.

Forecast.

For North Carolina—Partly cloudy Wednesday, Thursday fair, cooler, variabe winds.

Port Calendar—Nov. 6

Sun Rises ..... 6:27 A. M.
Sun Sets ..... 5:00 P. M.
Day's Length..... ..10 hrs. 39 min.
High Water at Southport 7:56 P. M.
High Water at Wilmington 10:26 P. M.

LOCAL DOTS.

—First Church of Christ, Scientist, Carolina Place: Services at 11 A. M. and 8:15 P. M. All are invited.

—Professor Dave Russell has returned from Columbia, S. C., and has begun his season's engagement at The Theatorium. He will be heard today in one of the latest illustrated songs.

—Captain George Phillips, of Norfolk, representing the owners of the schooner Grace Seymour, which was recently towed into Southport after collision north of Hatteras with one of the Ward line steamers, arrived last night and is arranging for a board of survey on the vessel. The Seymour lost her head sails and had her yawl and davits aft carried away in the collision.

—Evangelist E. E. Violetts and wife arrived in the city Monday from St. Louis, Mo., and have opened the series of meetings at the Tabernacle Church, Seventh and Orange streets. Rev. Mr. Violetts is a strong speaker and is being heard with great interest and profit. The singing is led by Professor O. J. Marks. Services are held each evening at 7:30 P. M. and the public is cordially invited.

Arranging the Bond.

It is stated that attorneys of the Seaboard Air Line will today give bond with the American Surety Co., to support their appeal to the Supreme Court in the recent damage suit in which Capt. John D. Bowen was awarded $15,000 damages against the company. Arrangements to this effect were being made yesterday evening.

JEWS BOUND FOR AMERICA.

Special Hotel at Berlin for Emigrants Waiting Passage.

(By Wire to the Morning Star.)

Berlin, November 5.—Special arrangements have been made for Jewish passengers on the transatlantic liners of the North German Lloyd, and a conference has just been had at Bremen to perfect the arrangements already in force. This conference was attended, among others, by Israel Zangwill, president of the International Jewish Territorial organization; Clement Salaman, honorary secretary of the organization, and representatives of the Bremen relief committee of indigent Jews of passage.

As a result of this conference, a hotel in Berlin will be placed exclusively at the disposal of Jewish emigrants. This hotel will contain, in addition to a "kosher" kitchen, a prayer and a reading room. The kitchen will be under the supervision of the chief rabbi and all Jewish emigrants will take their meals in the hotel. Special vitual kitchens will be instituted on the large transatlantic liners running to New York and Boston, under the supervision of the Bremen rabbinate.

Special apartments on board the Lloyd liners will be reserved for members of the Jewish committee who give notice of their intending departure. Further, the committee is authorized to send an agent to lay before the ship's authorities the wishes of the Jewish passengers in cooperation with the Jewish interpreters, while a special official of the North German Lloyd for Jewish affairs will attend the departure of the steamer from Bremerhaven. The crews and the ship authorities of the North German Lloyd and the agents of the emigration control stations have received instructions to make every allowance for the religious and national feelings of the Jewish passengers.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for the rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lnug complaints. Guaranteed by R. R. Bellamy, druggist. 50c and $1.00. Trial bottle free.

"The experience in New York finances demonstrates that we need an elastic currency," says a financier. We surely do need it, unless we are assured of an immediate and continuing contraction of wild financiering.

A strong, healthy colored man, between 20 and 30 years of age, may secure employment by making application at the Star office. Must give good recommendations as to habits and general character. tf

Great values being offered in furs this week at Rehder's. Best assortment in the city. **

STATE WATERWAYS

(Continued from first page.)

man who has accomplished more than all others and, sir, if Uncle Joe Cannon had treated you right, you would today be a member of the Rivers and Harbors Committee." This was greeted with large applause from the convention.

Mr. Small was next introduced and made a most interesting address, pledging his hearty support to the movement and paid high tribute to the Wilmington Chamber of Commerce. He gave a most interesting review of the river and harbor work of North Carolina and referred to the splendid possibilities for still greater development.

Congressman H. L. Godwin, from this district, and Congressman R. N. Page, from the Fourth district, were the next speakers and pledged their earnest support to the movement.

Chairman Chadbourn then announced committees on organization and resolutions as follows:

Organization—H. W. Malloy, chairman; R. C. Hood, Greensboro; F. H. Stedman, Fayetteville; J. T. Bland, Burgaw; John W. Gulledge, Wadesboro; J. A. Brown, Chadbourn; M. C. Guthrie, Southport; John T. Colman; W. T. Corwith, Charlotte; C. W. Worth, Wilmington; C. S. Myrick, Charlotte; J. A. Fore, Charlotte.

Resolutions—E. J. Hale, Fayetteville, chairman; J. A. Taylor, Wilmington; George C. Royall, Goldsboro; Geo. D. Green, Wilson; R. A. Parsley, Wilmington; S. F. Pitt, Rocky Mount; W. A. Guthrie, Durham: T. E. Wallace, Wilmington, and Dr. H. W. Lilly, Fayetteville.

Afternoon Session.

The afternoon session of the convention was called to order shortly after 3 o'clock, Mr. Chadbourn in the chair. Reports of committees were first called for but that on organization had not quite completed its report and Major Hale reported for that on resolutions as follows:

"Resolved that this meeting highly approves the splendid work of the National Rivers and Harbors Congress; that it take a leaf out of its book and organize a North Carolina branch thereof and that such branch organization adopt the rules and regulations of the National organization so far as applicable to the State.

That we hail with pleasure the awakening of our people in the business centres of our State to the vast importance of concerted action directed toward the improvement of our waterways by the government; and that we heartily thank the patriotic business men of Wilmington for the notable and efficient contribution which they have made to the movement for a North Carolina gateway by calling together and securing the assembling of such a representative body as this and the Hon. John A. Fox for the very able work which he has done throughout the State in aid of it.

That we pledge ourselves to do all in our power to secure an adequate appropriation by the government for the completion at the earliest possible moment of the great project of a 30-foot channel from the sea to Wilmington, recognizing the fact impressed upon us by over a hundred years of experience as well as by the teachings since, that nature has fixed the gateway of middle and western North Carolina by and through the Cape Fear river.

"That we heartily endorse the project for securing eight feet of water at all seasons from Wilmington to Fayetteville, which has thrice been unanimously endorsed by the Legislature of North Carolina, approved by act of Congress and for the beginning of which an appropriation has been made and that we pledge our best endeavors to secure an appropriation for its immediate completion.

"That we give our hearty endorsement to the great scheme of an Inter-State Inland Waterway for a part of the North Carolina section for which the government has already made an effort; and to the general purpose of improving the navigation of all our rivers and streams further and further inland as speedily as possible, to the end that we may secure for North Carolina the advantages which such a system has provided for the European nations and for some portions of our own country."

This resolution was unanimously adopted by vote of the convention. The committee on permanent organization still not being ready to report, a number of prominent business men in attendance upon the convention were called upon for expressions. Mr. W. L. Myrick, of Charlotte, brought a message from the North Carolina Cotton Manufacturers' Association that they were solidly behind this movement for making a port of entry in this State instead of one in Georgia, Florida or South Carolina. He closed a very neat expression from the manufacturing interest with a commendation of the work being done in all lines by the business organizations of the State.

Mr. A. B. Justice, of the Retail Merchants' Association of Charlotte, said that Mr. Myrick had well expressed the views of the Queen City delegation; that while the Cape Fear river belonged to North Carolina they were willing for Wilmington to use it so long as that use was for the benefit of the State at large. He discussed transportation at some length and with illumination.

Major W. A. Guthrie, of Durham, was one of the happiest speakers of the afternoon; told the story of his city's great industry in a catchy little anecdote and then drifted into a serious treatment of the question with rare ability.

Mayor M. C. Guthrie, of Southport, brought greetings of hearty co-operation from the people of his town and from the Shallotte river section. While at the mouth of the river and already possessing splendid port facilities, Southport was willing to abide the deepening of the Cape Fear from the bar to Wilmington and from Wilmington to Fayetteville and then on to the head of navigation.

Hon. J. A. Brown, of Chadbourn, vice president of the North Carolina Pine Association, brought an assurance of co-operation from that great and growing industry, which has perhaps felt more keenly than any other the inadequacy of rail transportation. He would not argue the question of necessity; it was a matter of means and method. He thought business men of North Carolina had gone into this movement in the right way—by organization and agitation. These had accomplished much for the truckers and cotton growers and it would do the same in this transportation problem.

A very cordial letter was read from Hon. Franklin McNeill, regretting his inability to be present but thoroughly pledging his support of this great movement as a most potent factor in settling the question of discriminatory rates and the congestion of traffic.

Major Hale was called upon and gave a very learned discussion of the matter of waterways and ports; a synopsis of his remarks would destroy the context and do him an injustice He was listened to with rapt attention.

Mr. George C. Royall, of Goldsboro, had just climbed the difficult steps to the postoffice building and was out of breath when he was called upon, but later he gave a very interesting view of the movement and pledged the support of his people to the great undertaking.

The venerable Mr. B. G. Worth spoke of the harmony that prevailed at the meeting and saw nothing in the situation but hope. He recited a delightful little poem from Cowper and applied it with pleasing force to the meeting then in progress.

Mr. John H. Anderson, of Fayetteville, spoke in most happy terms of the ties that bind the upper and lower Cape Fear and discussed with ability transportation affairs in general.

One of the most pleasing and inspiring addresses of the afternoon was by Mr. George Byrne, of Charlestown, W. Va.; special correspondent of the Manufacturers' Record, of Baltimore. Mr. Byrne spoke in general of the conditions in the South and the Southern manhood which has asserted itself since the devastation wrought by the civil war. He congratulated the business men of North Carolina upon their unity of purpose in this natural development which they are about and referred most interestingly to a visit which he recently made to the construction work on the great South and Western, which he believed would have not only one but several outlets on the Atlantic coast.

Mr. Fox, who had just returned from Savannah and Charleston and from a tour of the State in the interest of the State movement, was the last speaker and possibly the most interesting. He marshaled an array of facts and figures that compelled attention, stating by actual calculation from statistics that the improvement of North Carolina waterways properly would result in the saving of millions annually to the State. He said this passenger rate affair was a mere bagatelle and that while the people of the State are giving this so much attention they had better turn their attention to waterway development which promises something to the business interests. These remarks were greeted with applause. Mr. Fox made one of the best of his many good speeches and infused the convention with an enthusiasm that was very noticeable. He closed by urging North Carolina to send a strong delegation to the National Rivers and Harbors Congress in Washington December 4th, 5th and 6th.

Following the addresses endorsements of the movement for the improvements of the waterways were read from Governor Glenn, Senator Simmons, Judge Pritchard, Congressman Claude Kitchin, Congressman Thomas, Congressman E. W. Pou, Congressman W. W. Kitchin, Congressman Hackett, Congressman Webb, Congressman Crawford, Major E. W. Van C. Lucas, Captain Earl I. Brown, Vice President and General Manager H. H. Raymond, of the Clyde Steamship Company, and others.

Mr. H. W. Malloy next made report for the organization committee recommending that a permanent organization be effected according to a constitution and by-laws, which he read. These set forth the purposes of "The North Carolina Waterways Association" to be the promotion of "the development of the waterways of North Carolina and to urge such legislation both State and National as will result in the speedy, effective and systematic accomplishment of this development; to gather statistics and information pertaining to traffic that will be affected by efficiently improving the waterways and harbors of the State; to co-operate more effectually with National bodies and especially with the National Rivers and Harbors Congress in securing the adoption of such policies by the Federal govern-

Every Woman Loves a Man

Who buys HOLEPROOF SOX, because HOLEPROOF requires NO Darning.

Holeproof Hosiery

FOR MEN AND WOMEN

Wears Six Months Without Holes

READ THIS GUARANTEE

We guarantee any purchaser of Holeproof Stockings that they will need no darning for Six Months. If they should, we agree to replace them with new ones, provided they are returned to us within six months from date of sale to wearer.

Are Your Sox Insured?

Here's the way to lift the burden of the weekly darning. Here's the way to stop the endless drudgery of mending heelless and toe-less stockings.

HOLEPROOF is Stocking luxury, but not extravagance it is economy of money, time and strength.

HOLEPROOF is knit of Egyptian cotton, by special process and the parts subject to hardest wear are reinforced. It is soft and flexible, yet wears like woven wire. Holeproof Stockings are as handsome in appearance as any you ever saw; they retain their original shape and are always easy on the feet. Once you test them for yourself you will never wear any other.

MEN'S HOLEPROOF SOX are made in fast colors—Black, Tan (light or dark) Pearl and Navy Blue. Sizes 9 to 12. Medium or light weight. Sold only in boxes containing six pairs of one size—assorted colors if desired—six month's guarantee with each pair.

Per box of Six Pairs, $2.00

We also sell Stockings for women, with reinforced garter tops, sizes 8 to 11, under the same guarantee.

If you've never before heard of HOLEPROOF HOSIERY, make sure of a trial Box now, and throw away your darning needle.

Holeproof Sox Registered

STATE WATERWAYS

(Continued From Fourth Page.)

ment as will lead to large and regular appropriations for river and harbor development. The membership shall consist of boards of trade, chambers of commerce and business organizations, together with firms, corporations and individuals. Two meetings will be held twice each year on such dates as may be designated by the executive committee composed of the officers and five other persons who will be named by the president. The membership fee shall be $10 per year for trades bodies, $2 for firms and corporations and $1 for individuals. The plan of organization was unanimously adopted and the election of officers was likewise unanimous as given above. Upon recommendation of the committee it was decided that the State Association be represented in Washington at the National convention by at least 50 delegates.

A vote of thanks was given to Postmaster T. E. Wallace, custodian of the building, for the use of the court room and for other courtesies; to the press of the State for kindly interest it has taken in the movement; to the business people of Wilmington for the manner in which the visitors were entertained and to all others who in any way contributed to the success of the meeting.

Just before adjournment an invitation was extended and last night the visitors enjoyed a delightful trolley ride and an oyster roast at the Sound.

It is regretted that the narrow confines of the ordinary newspaper forbids a full report of the proceedings of the convention, but all the addresses and other details of the convention were taken in shorthand by the efficient secretary Mr. Harriss and will be published in pamphlet form later. Many of the delegates left for their homes last evening and others will go today.

EXTRA SESSION MAYBE

Absence of Official Statement Gives Color to Reports.

(Special Star Telegram.)

Raleigh, N. C., November 5th—In the absence of any official statement as to the action of the conference of Gov. Glenn, Council of State and others today on the railroad passenger rate litigation, there is a growing impression here that the probability of a special session of the Legislature is very strong. It is pointed out that the recent reported "leak" from the State Supreme Court was to the effect that the Court stood four to one against affirming the trial below in the noted Green case in which Judge Long fined the Southern $30,000 and that there are considered to be strong indications that Standing Master Montgomery and U. S. Circuit Judge Pritchard will find against the State's contention in the Asheville case, so that with the appearance of a "losing hand," State authorities would deem it wise to call together the Legislature to strengthen the position of the State before action is taken in the courts in the pending suits. A circumstance that it is that , after the members of the Corporation Commission and the attorneys in the case had retired from the conference, the Council of State and the Governor remained in conference for quite a while. It is the Council of State that would act jointly with the Governor in calling together the Legislature in special session.

ROOSEVELT CASTS VOTE.

Traveled Two Hundred and Twenty-five Miles to Oyster Bay.

(By Wire to The Morning Star.)

Washington, November 5.—President Roosevelt cast ballot 84, at 9:55 o'clock this morning at Oyster Bay, New York, thus registering his choice as to two associate justices of the Court of Appeals, Justices of the Supreme Court of the State, members of the assemble, county officers and several proposed amendments to the State Constitution. For the President to exercise the elective franchise necessitated eighteen hours and 225 miles of railroad travel, and four minutes in the voting booth.

The trip, which was without incident, save for the cheering crowds at Jersey City and Long Island City and the welcome home of the villagers of Oyster Bay, afforded the President opportunity to confer at length with Secretary Cortelyou on the financial situation and to renew the incidents of the recent Louisiana bear hunt with Dr. Alexander Lambert, during the trip on the tug Lancaster from the Jersey terminal to Long Island City.

Secretary Cortelyou was with the President from Washington to Jersey City, and joined the party again from Mineola to New York, where he remained to make a brief inspection of financial affairs there.

The President smilingly acknowledged the cheers of the crowds at Jersey City and Long Island City and was most cordial in his personal greetings to his Oyster Bay neighbors who met him en masse at the station. While the handshaking was in progress a salute of twenty-one guns was being fired from a minature canon, operated by Maury Townsend from the center of the baseball field. The stay in the village was only sufficient to allow the President and Secretary Loeb to vote.

The President reached Washington at 6:16 o'clock to-night.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at R. R. Belalmy's drug store.

FIGHT OVER $1,000,000

Will of Millionaire Baker Found. Died Mysteriously in New York. Left Bulk of Fortune to Friends—Relatives Ignored

(By Wire to the Morning Star.)

New York, November 5—The will of Walter Farnsworth Baker, the Boston clubman, who died at the home of friends in Bogota, N. J., recently under peculiar circumstances, has been found and is in the possession of a Boston lawyer, according to District Attorney Koester, of Hackensack, N. J.

Friends of the dead man say that the construction of the will may be of value as bearing upon the motive of a possible crime in connection with his death.

"This Boston lawyer," said Mr. Koester today, "and detectives who have been investigating the case saw me yesterday. I learned from them that it contained several unsatisfactory bequests amounting to nearly $500,000. There will be a contest on the ground of undue influence."

On the night Baker died he dined with some friends in a Broad street restaurant and left them to join another party of friends, who went with him to a chop house where he became suddenly ill. He was taken to the home of Frank H. Hurd, one of his closest friends, at Bogota, where he died. Following the autopsy there were hints of chloral poisoning and an analysis of the stomach is being made.

It is learned that Baker left the bulk of his estate which is said to be worth about $1,000,000, to Natalie Hurd, the four year old daughter of Mr. and Mrs. Frank H. Hurd, of Bogota, N. J., at whose home Mr. Baker died. The sum of $500.000 was bequeathed to Mrs. George W. Young, of New York, to whom Mr. Baker had paid considerable attention; $2,000 was given to Mrs. Frank H. Hurd, and to his brother, Edward F. Baker, gave $10,000. Small bequests amounting in all to $2.000 were made to various acquaintances in this city.

District Attorney Koester, of Bergen county, said today that he understood the wording of the will inicated that Mr. Baker was laboring under undue excitement and possibly was under undue influence at the time when he made the will.

COCHRAN ARRESTED

Charged With Illegal Registration in New York.

(By Wire to the Morning Star.)

New York, Nov. 5.—Congressman W. Bourke Cochran was arrested on a charge of illegal voting this afternoon at a polling place in third avenue. The policeman who made the arrest said he couldn't verify the address given by Mr. Cochran at 310 East 17th street from which address Mr. Cochran had registered. The Congressman was taken to the police station and thence to a poloce court.

Mr. Cichran is Grand Sachem of Tammany Hall. A servant at the East 17th Street house had sworn that no one named Bourke Cochran lived there and Magistrate Cornell issued the warrant while under the impression that some one was trying to vote in the Congressman's name. When Mr. Cochran was arraigned in court one of State Attorney General Jackson's assistant denounced the arrest as an outrage and Mr Cochran was promptly discharged.

Mr. Cochran said the East 17th Street house was his residence before he went to Congress and that he had never forfeited his right to vote from that address.

BONANZA POKER.

A Game That Staggered a Haughty Commercial Traveler.

Poker, say those who can remember back to the times of the old west, has seen its best days. No longer are such royal battles waged over the green cloth as when the newly fledged mining millionaires met with money to burn and with plenty of sporting spirit to burn it.

"It was in the famous Silver Bow club at Helena, Mont., that they used to play big poker," says a man who remembers. "At the game one night sat Marcus Daly, Senator Hearst and J. B. Haggin when there burst in a radiant New York drummer who had a two weeks' card to the institution. He marched up to the players and politely asked if he might take a hand.

"'Why, yes; come right in,' said Daly.

"The drummer threw a hundred dollar note on the table. 'Let me have chips for that,' he said gravely.

"He went to hang up his coat and hat. When he returned the bill still lay on the table.

"'What's the matter, gentlemen?' the traveling man haughtily inquired. "Ain't my money good?'

"'Why, yes, to be sure,' said Daly. 'Hearst, give the gentleman one white chip.'"—Scrap Book.

A Thoughtful Wife.

"Why did you tell your husband that there would be three parts to the concert? There are only two."

"Yes, I know, but he will be so pleased when it leaves off sooner than he expects."—Fliegende Blatter.

The Jury.

"When I goes to de co'thouse," said Uncle Eben, "it sometimes looks to me like de jury was a committee to award a prize to de smartest lawyer."—Washington Star.

STAR BUSINESS LOCALS

NOTICE! COMMISSIONER'S SALE.

By virtue and in pursuance of a decree of the Superior Court of Pender County, rendered in a Special Proceeding pending in said court, in which Peter Batson, Sanford Batson, John Batson, and others, heirs at law of Henry Batson deceased, are Plaintiffs, and Mary Batson, Katie Batson, Fannie Congleton and Nick Congleton, minors, are defenatns, the undersigned, as Commissioner appointed for that purpose, will sell at public auction, for cash, to the highest bidder, at the Court House Door of Pender County, in Burgaw, on Monday, the 2nd day of December 1907, at 1 o'clock P. M. all the lands described in said petition or complaint. The said lands lying in Pender County, situate in Topsail Township, bounded and described as follows: First tract: On the south side of Sandy Run Swamp or branch, Beginning on the run of said Sandy Run Branch, D. J. Nixon's corner, and runs South 65 West 38 chains to Hill C. Nixon's corner, thence with his line North 59 1-2 West 15 chains to Bear Path Gallberry, thence by and with the various courses of said Gallbery to said Sandy Run Branch, thence down said Branch to the Beginning—Containing 115 acres more or less. Second Tract: On the south side of Sandy Run, between Thomas Nixon and Henry Batson's line, beginning at a blackgum in Sandy Run branch in Henry Batson's line, running thence North 17 West 43 poles to a pine, thence North 62 West 52 poles to a stake in Wolf Ridge Gallbery, thence South 55 West 140 poles with Gallberry to Sandy Run, thence with Sandy Runt to the Beginning, containing 41 acres more or less. Third Tract: On the Wolf Ridge Swamp, between Ben's Point and Sandy Run line, Beginning on a green Lightwood stump, runs thence North 61 West 65 poles to a stake, thence North 7 1-2 West 47 poles to a Spruce Pine, thence North 74 East 77 poles to a stake, Henry Batson's corner, thence South 2 East 100 poles to the Beginning, containing 29 acres more or less. The said sale being made for the purpose of partition among the heirs at law.

J. T. BLAND,
Commissioner.

SPIRITS TURPENTINE

—The Raleigh and Southport has just put a splendid new Baldwin locomotive in commission. It is No. 7. The R. & S. will soon receive two other new Baldwin engines, which will be known as Nos. 8 and 9.

—Wilson, Nov. 4.—On account of inability of Wilson Banks to get currency from Northern banks where they have deposits, beginning today, the four local banks will pay a maximum of twenty-five dollars to each depositor and the savings banks ten. The new plan is satisfactory to the people and is only temporary.

—The Scottish Chief, of Maxton, has announced that after January 1st its subscription price will be $1.25 the year, the price now being $1.00. The Chief finds it necessary to make this raise because of the increased cost of paper, labor etc., which have increased the cost of producing newspapers some 50 per cent. in the past two years.

—Newbern, Nov. 4.—The new revenue cutter Pamlico arrived at 9:45 this morning under the command of Captain R. O. Crisp. The boat is a handsome craft 158 feet long and 30 feet beam, with a speed of 13.29 knots an hour acquired in test. The boat was welcomed by scores of whistles on shore and by the boats on the river and hundreds of people visited her after she was anchored at the dock.

—Spencer, Nov. 4.—Pursuant to an order from the Washington offices of the Southern Railway Company, applicable over the entire system the employes of the company at Spencer, Knoxville and other places were today placed under a 9-hour-a-day schedule. The cut amounts to 10 per cent. and was made by the company rather than reduce the force. It is not known how long the schedule will remain in effect.

—Greensboro, Nov. 4.—At a meeting of the bankers and business men of the city Saturday night it was decided to issue clearing house certificates similar to those being issued by the clearing houses in the adjoining cities. Practically all of the merchants, if not all, will receive the certificates the same as cash in payment of bills and for purchases. The certificates were printed Saturday night, and are being circulated this evening.

—Spencer, Nov. 4.—Pursuant to an order from the Washington offices of the Southern Railway Company, applicable over the entire system, the employes of the company at Spencer, Knoxville and other places were today placed under a 9-hour-a-day schedule. The cut amounts to 10 per cent. and was made by the company rather than reduce the force. It is not known how long the schedule will remain in effect.

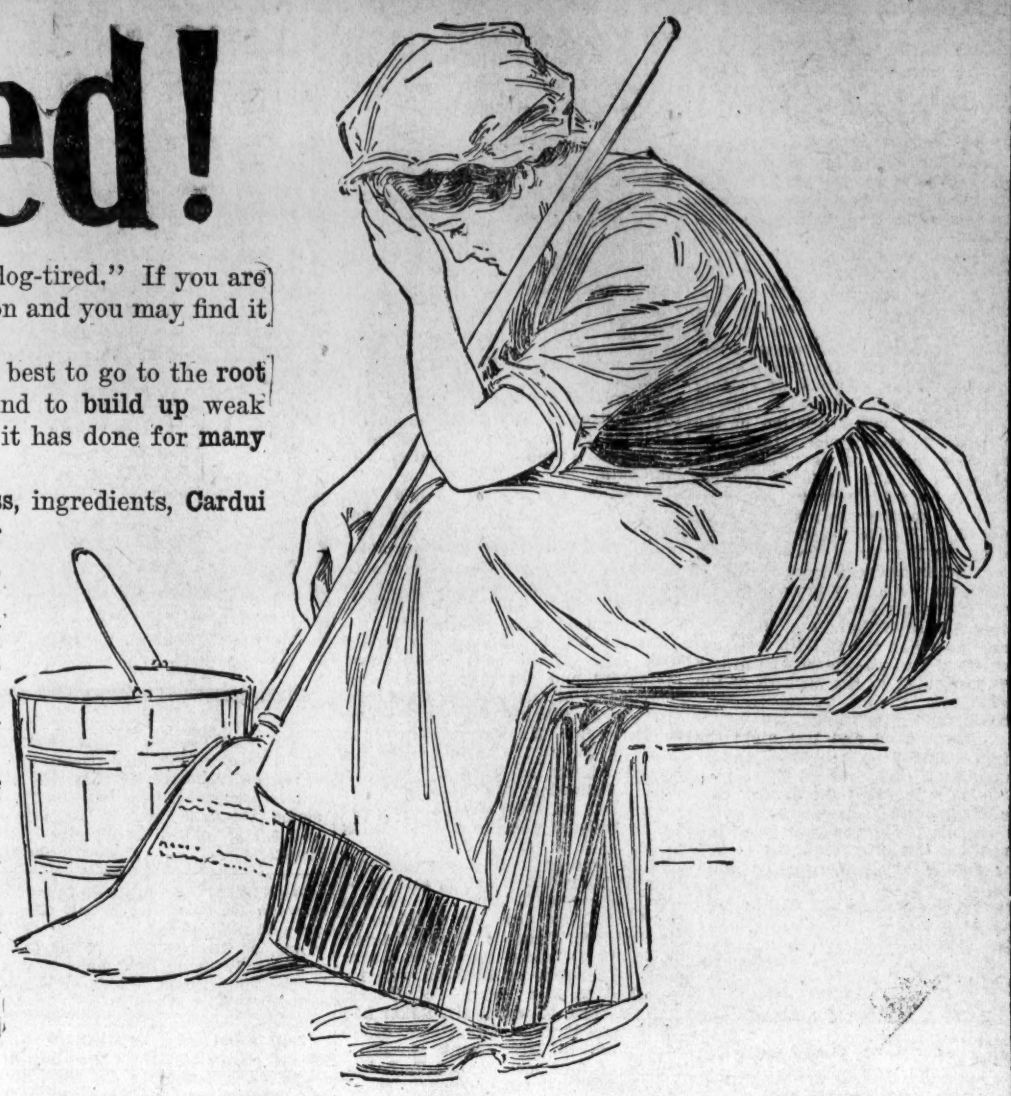
—Lumberton Robesonian: Mrs. Geo. W. Jones, who lived near Bladenboro, was instanly killed by a pet pony at her home Thursday afternoon. Mrs. Jones, who was 73 years old and very active, and a friend were in the yard where the pony was running loose and Mrs. Jones told her friend she had better go into the house as the pony might, in running about, hurt her. The other lady started to the house, but a moment later turned to look back and saw Mrs. Jones lying on the ground. Upon investigation it was found that Mrs. Jones was dead, and farther investigation revealed the fact that the back of her head had been crushed in by a kick from the pony. Death was instantaneous. The remains were interred at the Singletary graveyard Friday afternoon at 3 o'clock.

—Lumberton Robesonian: "Will Bethea, colored, was arrested at Kingsdale Saturday afternoon by Town Marshall William Lovett for rather free use of his gun and was committed to jail at Lumberton by Justice Troy Tyler, before whom he was given a preliminary trial. Will shot at Mr. J. A. Durham, superintendent of the Kingsdale Lumber Company, and also shot at Mr. Lovett. The negro had been in Mr. Durham's employ for some time. He was under the influence of liquor Saturday afteternoon and became impudent when Mr. Durham told him to do something. Will claims that Mr. Durham kicked him and also pulled his gun before he (Will) shot. When Marshall Lovett started to arrest Will he turned his gun on Mr. Lovett and fired at him several times. Mr. Lovett did not have a gun, but he continued to advance on the negro and arrested him. It is understood that it was while Will was shooting at Mr. Lovett that Mr. Durham pulled his gun and shot at the negro. Some five or six shots were fired at close range, but none of them took effeot.

—Salisbury. Nov. 4.—Coroner E. Rose Dorestt has been at work upon a mysterious death of a man near Landis Friday night and the result of his conclusions is the fixing of the accident upon the Southern Railway. Who the young man, about 30 years old, is nobody has been able to guess. He was dressed fairly well and had $12 in his pocket, thus negativing the first story that he was robbed and that he was killed for money. Letters and passes to Jamestown were in the name of D. R. Davis and there was another letter addressed to a girl, evidently a sweetheart. Today Mr. E. C. Gregory received a message from Solicitor Walter E. Daniel that a young man fairly answering the description of the dead man has been missing and his name is Robert D. Capel. He belongs to a good family of Weldon. The burial has already taken place and there is a probability that the body will be exhumed and another examination will be held. The young man was killed by a blow about the base of the brain, though it is not believed that it was dealt by human hands. There were other marks about him but nothing to indicate fould work.

An industrious colored boy about 13 to 14 years of age may secure employment by applying at the Star office. 3t**

Dog-Tired!



It is good for you to **work**, but not good to get "dog-tired." If you are **weak**, only a little work will put you into that condition and you may find it hard to rally.

When this **weakness** is due to **female disease**, it is best to go to the **root** of the trouble and **take Cardui**. Cardui has been found to **build up** weak womanly organs, and should do for you the same as it has done for **many thousands** of others.

Composed of purely vegetable, **absolutely harmless**, ingredients, **Cardui** forms a **safe** and **reliable** remedy, of specific power over the womanly organs and without injurious after-effects, on young or old.

Take Cardui, when you are tired, exhausted, weary with the suffering and pains which come from the ills peculiar to women.

Take Cardui, when you are weak and lack the energy and ambition to carry on your daily work.

Take Cardui, for it is a woman's medicine, and, if you are a **woman**, it will surely do you **good.**

Cardui has been found, by thousands of weak, miserable, suffering women, to **relieve** headache, backache, dragging feelings and to give **new** strength, vitality and **health.**

Having been so **successful**, for so many years, in relieving the **sufferings** of **other sick ladies** it may surely be expected to do the same for **you.** Try.

Worlds of Benefit

Fish Creek, Wis., Jan. 27, 1907.

I will gladly tell you, as near as I can, what Cardui has done for me. I suffered from womanly ills for years. Every year it was worse. No one knows what I suffered. Lots of times I had to stay in bed and have a doctor, but instead of getting better I got worse. At last I chanced to see one of your ads and decided to take Cardui. After the third bottle I knew it was doing wonders. Well, I kept right on, till I had taken seven bottles and now I can truly say that I am cured. I can do a big wash the first day as well as the last. I can never say too much for Cardui. I tell everyone about it and have begged a neighbor girl to try it, as I know it will help her. I received worlds of benefit from Cardui, and will always praise it.

MRS. LUCINDA JOHNSON
Fish Creek, Wis.

MRS. LUCINDA JOHNSON.

"I Could Hardly Work"

Lavergne, Tenn., May 27, 1907.

I suffered for some time with womanly trouble, and all summer my health was very bad. I could hardly do my work. At fruit-canning time I was taken very sick, as a result of overwork during the hot weather, and my husband called a physician. He left some medicine, which I took without the least benefit. I suffered so much and grew so weak, that I became alarmed and told my husband he must get me some Cardui. I obtained relief almost from the first dose, and before I had taken half a bottle I was doing my work again. I am still taking Cardui, as I believe that it strengthens me and is good for my baby. I am always telling my friends what a friend Cardui has been to me. I think it is the best medicine made, for women.

ROBBERY IN PARIS CAFES.

No Prices on Bills of Fare, and Waiters Impose on Guests.

"I tell you," said the returned European traveler, taking up the bill of fare, "it's a good deal of relief to get to a place where one can know the exact cost of things to eat and drink. When on the other side I narrowly escaped nervous prostration because of the latitude in the prices of items on the menu. Paris is about the worst offender among European cities in this respect. In restaurant after restaurant there prices are omitted from the bill of fare simply to give an opportunity to rifle the pockets of the unwary. Take my advice and have as close an approach to an ironclad agreement as possible with your garcon regarding the 'demnition total' of your meal before giving your order. If you don't, there's trouble and pecuniary loss ahead. The waiter, with the connivance of the proprietor of the cafe, will do all he can to impose upon you.

"One tragic story that I can vouch for may be of interest to American tourists. It shows one variety of restaurant robbery in Paris illustrating incidentally French ingenuity. An American woman gave a small luncheon at a well known place to a half dozen friends. She had no intention of making it an elaborate affair. She knew French ways and had a careful estimate made of the cost of the repast ordered. After the second course she noticed that the waiters were pressing upon her guests delicacies for which she had not stipulated, and she observed, too, that a point was made of asking each person if she would have some of this, that or the other thing. Of course the viands were accepted. These extras were succeeded by others, the poor hostess not being able (or felt she was unable, which amounts to the same thing) to stem the tide rapidly overwhelming her pocketbook. When she had a stormy session with the proprietor she could get no satisfaction. The things were offered; they were eaten. 'Of a surety, madame had ordered them, else they would not have been served. It is impossible that madame would wish to have consequences most unpleasant?' She wisely paid the bill, but the experience cost her dear.

"So, you see, holdups are not confined to our beloved country. In fact, I think that our polite contemporaries over the Atlantic know things about the game about which our desperadoes are in entire ignorance."—New York Press.

POINTED PARAGRAPHS.

Trouble comes natural to some people, just like freckles or curly hair.

How differently our side of a fuss sounds when presented by our enemies!

The chances are if people distrust you the fault lies largely with yourself.

A man never cares a great deal for the pictures taken of him when he was a baby.

The idea that there are two sides to every question didn't originate with any of the parties directly interested.

It is right to start out in life with an ambition, but don't overlook the importance of enjoying the scenery on the way.

When a man picks up a pair of pantaloons he has not worn in a long time, he always feels in the pockets to see if he has left any money in them.—Atchison Globe.

"OLD GLORY."

The Way This Name For the Stars and Stripes Originated.

The term "Old Glory," used to designate the flag of our country, is a favorite, and the expression is a very happy one.

It is said by those who claim to be well informed that the name originated with William Driver, captain of the bark Charles Doggett. This statement appears in a history of the Driver family, and from this we find the following facts:

Driver was a successful deep sea sailor and was at the time making his vessel ready for a voyage to the southern Pacific. In 1831, just as the brig was about to set sail, a young man at the head of a party of the captain's friends saluted Driver on the deck of the Doggett and presented to him a handsome American flag 19 by 38 feet in size. The banner was done up in stops, and when it went aloft and was flung to the breeze Captain Driver, says the tradition, then and there named it "Old Glory." The flag was carried to the south seas and ever afterward treasured by its owner.

Driver removed to Nashville, Tenn., in 1837 and there died in 1886. Before the outbreak of hostilities between the north and south Old Glory flew daily from a window in the captain's Nashville house, but when the rumors of war became facts it was carefully secreted.

When the war broke out the precious flag was quilted into an innocent looking comfortable and used on the captain's bed until Feb. 27, 1862, when the Sixth Ohio marched into Nashville. Then the flag came out of its covering, and the captain presented it to the regiment to be hoisted over the capitol.

There it floated until it began to tear in ribbons, when it was taken down and a new one placed on the building. After the death of Captain Driver the first Old Glory was given to the Essex institute at Salem, where it is still preserved and may be seen by the curious.—Kansas City Journal.

Too Much to Expect.

Camp Meeting John Allen, the grandfather of Mme. Nordica, was for many years a picturesque figure among the Methodist ministers in the state of Maine. He was a good deal of a wag, and his utterances were much appreciated by both saint and sinner. At one time, having gone to Lewiston to attend a quarterly meeting, he was approached in the street by several young men who were evidently out for a good time. "Camp Meeting John," said the spokesman, "who was the devil's grandmother?"

"The devil's grandmother," replied the old man in the quick, sharp tone so characteristic of his speech, "the devil's grandmother—how do you expect me to keep your family record?"—Cleveland Leader.

HUMORS OF WAR.

A Federal Lieutenant Who Was Worse Than Surprised.

During the civil war the commander of a marching detachment looked along his line, scowled at its irregularity, then shouted aloud: "Close up! Close up, you fellows! Why, if the enemy were to fire on us now they couldn't hit one of you." Another commander, while a battle was in progress, came upon a straggler who was running away, with tears streaming down his cheeks. "My man, don't be a baby!" the general remonstrated, thinking to shame the renegade. "Boo-hoo! Wisht I was a baby, and a gal baby at that," was the answer that showed him the case was hopeless.

That is less humanly amusing than the answer of a guileless lieutenant who with half a company had been captured and paroled by the ubiquitous John Morgan. Upon reaching Federal territory the lieutenant made haste to report to the nearest post commander, who, after duly welcoming the newcomer, said: "Tell me how all this happened. Were you surprised?"

"Surprised! A heap worse'n that. I tell you, I was plum astonished to see them gray fellers. I was, fer a fact, colonel," the lieutenant answered, with the air of one who fully covers the case.—Success Magazine.

Easy Permission.

"Willie, did you put your nickel in the contribution box in Sunday school today?"

"No, mamma. I ast Eddie Lake, the preacher's son, if I couldn't keep it an' spend it fer candy, an' he give me permission."—Denver News.

They who menace our freedom of thought and of speech are tampering with something more powerful than gunpowder.—Conway.

BELLE of VIRGINIA
BLENDED RYE

Belle of Virginia Rye deserves its name, and the name is certainly one of distinction and old-time aristocracy. It's a whiskey we are proud of on account of its purity and high quality and its hosts of admiring friends who will drink nothing else. Belle of Virginia is a blend—a scientific, uniform blend of pure, old goods. It's a whiskey with a flavor, and a fine, invigorating after-effect long to be remembered by those who drink it. Try it and you will make no mistake.

Sold at the places where gentlemen go to get a drink.

ELECTIONS HELD IN 13 STATES

Tammay Wins Over Republican-Hearst Fusion in New York City.

JOHNSON WON CLEVELAND

Democrats Carried Maryland and New Jersey, and Republicans Sweep Massachusetts — Kentucky is in Doubt.

(By Wire to The Morning Star.)

New York, November 5—The election throughout the country passed off in comparative quiet today.

The returns from all sections up to a late hour tonight gives the following results:

In Massachusetts, Governor Guild, Republican, has an estimated plurality of about 100,000 and is elected. His plurality in 1904 was 30,233.

In New Jersey the returns on Governor are coming slowly but a report from the State capital indicates that Katzenbach, the Democratic candidate for Governor, may have a plurality of 10,000. In 1904 Stokes, the Republican candidate for Governor, had a plurality of 31,000.

In Pennsylvania, Sheatz, who leads the Republican ticket for State Treasurer is elected by a large majority estimated at 175,000. In 1906 the plurality of Stuart, Republican candidate for Governor, was 48,233.

In New York State Edward Bartlett and Willard Bartlett who ran jointly on the Republican and Democratic ticket are elected as Judges of the Court of Appeals over candidates of the Independence league. In New York City the Tammany candidates are leading those of the Independence league by large majorities.

In Rhode Island, Higgins, Democratic candidate for Governor, is making gains, but the race is close. In 1906 Higgins had a plurality of 1,318:

In Maryland the complete returns indicate that ex-Governor Smith wins in the Democratic Senatorial primaries. Conservative estimates based on very meagre information, indicates that Crothers, Democrat, for Governor will carry the State and city by from 6,000 to 8,000.

In Kentucky, Wilson, Republican candidate for Governor, is making gains, but there is doubt of his overcoming the Democratic Majority of 1903.

In Mississippi, the Election of Noel, Democratic candidate for Governor is assured as he has no opposition.

Brewer, Democrat, was elected mayor of Ogden, Utah, by 176 plurality. The Republicans carried the other city officers.

At a late hour the re-election of Tom L. Johnson, Democrat was conceded by the Republicans over Theodore Burton, Republican, for mayor.

At Salt Lake City, the American, or anti-Morman party, is leading; at Toledo Mayor Whitlock is re-elected.

In Nebraska, M. B. Reese, Republican candidate for the Supreme Court, the most important State office voted on, is undoubtedly elected.

Cincinnati elected Colonel Leopold Markbriet the Republican Candidate for mayor.

Meagre returns from San Francisco show Taylor, Democratic and good government candidate for mayor leading.

Fusion Beaten in New York.

New York, Nov. 5.—Sufficiently complete returns to make certain the ultimate results show that Republican and Independence League fusion in New York county was defeated today by a straight Democratic ticket, that the Independence League ticket for Associate Justices of the Court of Appeals was overwhelmingly beaten by the identical tickets of the Republicans and Democrats; and that there will be a slight change in the make up of the State assembly.

In New York city the Independence Leagfue Court of Appeals ticket was defeated 4 to 1 and the league vote up State was light.

In the city interest centered in the county fight, in which the Republican and Independence League forces opposed the Tammany ticket. James W. Gerard was elected to the Supreme Court with a margin over M. Linn Bruce. Thomas F. Foley defeated for the sheriff's office the fusion candidate, Maxilian F. Ihmsen, who is also prominent in the Indepedence League. Early returns gave Foley a big lead, but this later was scaled down until 700 of the 833 precincts in the county showed a margin for the Democratic candidate of 25,000 to 35,000.

Edward T. Bartlett and Williard Bartlett nominated by both Republican and Democratic parties were elected to the Court of Appeals over Reuben R. Lyon, of Bath, a former Bryan Democrat, and John T. McDonough, of Albany, a former Republican both of whom were nominated by the Independence League.

The election was unusually quiet and the vote light. There were a considerable number of arrests for illegal voting. Chairman Herbert Parsons, of the New York Republican County committee, who brought about the fusion with the Independence League, said late tonight that he believed that several Republican assemblymen had been chosen without fusion, he said the results would have been even less favorable.

New Jersey Democratic.

Trenton, N. J., Nov. 5.—Returns up to midnight would seem to indicate the election of Frank S. Katzenbach, Jr., Democrat, as Governor by a plurality of from 15,000 to 20,000. Mr. Katzenbach has not only made heavy gains in north Jersey but has also cut down the normally large Republican majority in south Jersey.

It is too early to forecast the complexion of the legislature. The Senate will continue Republican. The Democrats are believed to have elected Harrison over Shinn Republican, in Ocean county. This will increase the Democratic representation in the Senate from 7 to 8. The re-election of Senator Wakelee, Republican, of Bergen, and of Senator Hillery, Republican, of Morris is also in doubt.

Half of the assembly will probably be Democratic. The Democrats have carried Monouth county and probably Union county.

Kentucky Republican

Louisville, Ky., November 5.—Augustus E. Willson, Republican candidate for Governor, and the entire Republican State ticket have been elected by majorities ranging from 5,000 to 10,000 and the Republicans have carried the city of Louisville for both State and city tickets. Grinstead, Republican, is elected Mayor of Louisville by 3,000 majority.

Johnson Safely Re-elected.

Cleveland, Oo., Nov. 5.—Mayor Tom L. Johnson was today re-elected for the fourth time as mayor of Cleveland in a hard fought battle in which the Republican ticket was headed by Congressman Theodore E. Burton, chairman of the House Committee on Rivers and Harbors.

At midnight Chairman Baker of the Republican committee conceded the election of Johnson by 5,000 plurality. At the Johnson headquarters his majority is placed at a higher figure and the election of the entire city Democratic ticket is indicated by 5,000 or more. The Democrats elected a majority of the councilmen.

Nebraska Republican.

Licoln, Neb., November 5.—Based on the heavy vote he received in Omaha and Lincoln, and the fact that he seems to be holding his own in the country precincts, the election of M. B. Reese, Republican, as Justice of the Supreme Court, was indicated in the returns received late tonight. The entire Republican Supreme Court was elected as indicated in the returns received late tonight. The entire Republican county ticket is probably elected.

Maryland Democratic.

Baltimore, November 6.—Shortly before 1 A. M., only about ten per cent of the city precincts have been heard from and no figures whatever have come from the counties of the State. The city precincts reported, which are scatered, indicate a very slight Republican gain as compared with the mayorality election, when Mahool, Democrat, won by about 4,500.

Conservative estimates indicate that Crothers, Democrat, for Governor, will carry the State by from 6,000 to 8,000.

TRAGEDY IN KENTUCKY

One Man Shot To Death and Three Wounded as Result of Trouble at Polls in Louisville During Election.

(By Wire to the Morning Star.)

Louisville, Ky., November 5.—Following an election day riot this afternoon, Clyde Campbell was killed, Patrolman Michael Murphy probably fatally wounded and Patrolman Marion Smith and W. R. Campbell, Clyde's father, severely wounded. The elder Campbell, who was Republican candidate for councilman, was arrested after he had protested against what he termed election frauds. His son came to his assistance and was shot by Murphy. W. R. Campbell then shot Murphy, who returned the fire, severely wounding his son, although himself probably fatally hurt. There is much excitement.

There is some differenece in reports as to the details of the shooting. A graphic account is given by Thomas A. Knight, who saw the tragedy. Knight said that in a large crowd at a voting place he saw Police Officer Murphy struggling with W. R. Campbell. When the trouble seemed nearly over and the policeman's antagonist seemed to be ceasing his resistence, he saw young Campbell run up and strike Murphy in the face. Murphy turned and kicked Campbell in the stomach. Campbell then ran out East High street while Murphy continued toward the police station with his prisoner. A little later young Campbell came running up with a revolver in his hand. He ran up to Murphy and shoved the pistol in his face. Murphy was evidently surprised at the attack but he held on to his prisoner. Campbell demanded of Murphy that he turn his father loose but Murphy refused. Just then Patrolman Smith came up and as young Campbell turned to see the officer, Murphy struck him three times over the head with his club. Young Campbell dropped to his knees and as he did so the elder Murphy shot Murphy in the back. Smith then drew his revolver and the shooting became general. Smith shot old man Campbell. Murphy staggered up against the side of the building and continued to fire, shooting several times. He was still using his pistol when he was struck by another bullet, apparently fired by young Campbell. Murphy had fallen but he got up and staggered to where young Campbell was struggling with some one who had caught him. Murphy leaned over, placed the muzzle of his revolver within a few inches of young Campbell's body, took deliberate aim and fired.

SUES DIVORCED WIFE FOR LIBEL

Another Phase of Matrimonial Difficulties of A. Hart McKee.

Paris, Nov. 5.—In connection with the pending suit for divorce brought by Mrs. A. Hart McKee, against her husband, A. Hart McKee, formerly of Philadelphia, counsel for Mr. McKee brought a damage suit against Mrs. McKee and her father, Col. Baxter, formerly of Knoxville, because of alleged defamatory declarations made by them and published in American newspapers. Mr. McKee charges that clippings containing the newspaper articles complained of were sent by Colonel Baxter to his (Mr. McKee's) mother. The court summoned the elder Mrs. McKee and Colonel Baxter to appear November 12 and give testimony in the case.

YELLOW METAL FOR NEW YORK

Shipment of $7,700,000 Arrived Yesterday For Relief of Bank Reserves.

$36,600,000 UNDER ORDER

Steel Trust's Gobbling of Tennessee Coal and Iron Company Gives Pronounced Relief to Trust Company of North America.

(By Wire to The Morning Star.)

New York, Nov. 5.—The arrival of the first treasure ship laden with gold for the relief of the present stringency was the feature of the financial situation today. The Kron Princess Cecilie, soon after 10 o'clock, docked and unloaded $7,700,000 in the yellow metal which will go to strengthen New York bank reserves. The new Cunard Liner Lusitania will follow closely in her wake with $10,000,000, and $14,000,000 more will follow during the remainder of the week and early next week. The additional withdrawals of 575,000 pounds from the Bank of England today for the United States and 25,000 pounds from Canada brings up the total gold engagements on the present movement to about $36,600,000.

The news that the Bank of France bought today 3,000,000 pounds sterling bills on London was regarded here as an event of the first importance as indicating that French financiers were not only able but willing to help London and thus indirectly to help America by relieving the strain on the Bank of England caused by the heavy American demands for gold. It is hoped that this action of the Bank of France will deter the Bank of England from raising its discount rate to 7 per cent. at the meeting of directors on Thursday and the Imperial Bank of Germany from raising its rate from 6 1-2 to 7 1-2 per cent.

The presence of Secretary Cortelyou in the city on his way to vote gave an opportunity for further conferences with Mr. Morgan and other leading bankers. The secretary came over from Washington with President Roosevelt to vote and on his way back from his home at Hempstead, Long Islan, decided to stop off and learn of the financial situation. Besides Mr. Morgan, Secretary Cortelyou saw George W. Perkins and one or two other bankers, who acquainted him with the progress of events. He was told that the situation in New York was rapidly improving because of the developments in the last twenyt-four hours.

Those bankers who saw Secretary Cortelyou today are convinced that there is no intention on the part of President Roosevelt to call an extra session of Congress to pass any remedial financial legislation, as it is understood the adminstration feels that the situation should settle down to a basis where a proper judgment can be formed on the various proposed changes in the present monetary laws. It was further understood that the administration has not yet definitely shaped the plans of financial legislation which it may desire to have considered at the coming session of Congress.

A conference at which details for taking over the control of the Tennessee Coal and Iron Company by the United States Steel corporation were discharged was held at Mr. Morgan's liberary today and attended by Mr. Morgan, George W. Perkins, Secretary Trimble, of the United States Steel Corporation, Vice President Davidson, of the First National Bank, and Grant B. Schley, one of the members of the pool which held control of the Tennessee company stock. No statement was made following the conference.

The taking over of the stock of the Tennessee Company held as collateral for a large loan removes a menace to the Trust Campany of America's affairs and is regarded by bankers generally as a safeguard against further financial trouble.

HOLDING TO THEIR CASH.

National Banks Refusing to Cash Pension Vouchers.

(By Wire to The Morning Star.)

Washington, November 5.—Word reached the Treasury Department today that because of reluctance to part with the currency they have on hand, national banks throughout the country are refusing to cashisi gf,t—yar.. try are declining to cash pension vouchers, disbursing officers' drafts and other obligations of the government. Treasurer Treat took measures to relieve this condition of affairs and sent telegraphic advices to all sub-treasuries to make prompt payment in currency to all persons holding such checks or drafts or what may be due them.

Treasurer Treat is taking all possible steps to relieve the tension caused by the present money stringency, and is sending out hundreds of telegrams daily explaining the situation and suggesting remedial measures.

WHALING VESSELS ARE SAFE.

Caught Thirty-Six Whales in Arctic Ocean.

(By Wire to The Morning Star.)

San Francisco, November 5.—The five whaling vessels of the Pacific Coast fleet which were thought to have been caught in the Arctic ice floes and for the safety of which grave fears were entertained are safe and sound and will arrive here shortly. This word was received today from Unalaska. The vessels are said to be on their way to the open sea. The catch is reported as follows: Herman 12 whales; Beluma, 9; Belevedere, 6: Thrasher, 5; William Baylis, 4.

Appendicitis.

Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed to cure headache, biliousness, malaria and jaundice, at R. R. Bellamy's drug store. 25c.
